

Hi girls

Apart from the obvious concern having Covid19 back in pockets of the community, we have had a wonderful month with the resumption of some classes. It's been a delight having many of you back in the classroom even with social distancing challenges & isopropyl alcohol fumes!! A huge thanks for your amazing support during this nightmarish time for small business. We have had better than expected sales every week since March whether it be to pick up, post or deliver & we really appreciate your loyalty. Despite the recent setbacks with restrictions, our classes will continue to run as scheduled & revised shop hours will remain until we advise you otherwise:- **Monday - Saturday 2pm - 4pm**

There is no need to phone if you are shopping during these hours - only if you need to arrange to another time. We can't have morning shopping most days, as classes are running.

### What's new -

- More new goodies have arrived from Paper Rose this month. The new Industrial paper pack works well with the large cogs set. There are some fabulous leaf die sets & stencil, nesting splats, rose bloom & topographic background dies.

- Couture Creations have released 11 amazing new glitter accents alcohol ink colours. We have had a play with this gorgeous new medium & have a designed a 3-card class using them in conjunction with regular alcohol inks & alloys. The glitter aspect takes your projects to a new level. We have all colours in stock

- Many of us have photos or journals of our Covid19 experiences & we have just the paper range for you. Photoplay released these wonderful papers so we can document this challenging chapter in our lives

- Couture Creations 2021 calendar tabs have arrived. You can make a start on your desk cards or fridge magnets for xmas gifts
- The Ranger Speckled egg ink collection is gradually making it's way Downunder, but we are yet to receive embossing glaze or distress ink/re-inker. Oxide inks, re-inkers & sprays have sold quickly. Those with special orders should have yours by now.

### Classes with availability
